The following additional inventors are to be named on the instant application: _____

4. The benefit under 35 USC §119 is claimed of the filing date of: Application No. 8700269 in Great Britain on January 7, 1987. A certified copy of said priority document was filed in progenitor case 07/041,306 on April 18, 1988.
Application No. 8700279 in Great Britain on January 7, 1987. A certified copy of said priority document was filed in progenitor case 07/041,306 on April 18, 1988.
Application No. 8726172 in Great Britain on November 9, 1987. A certified copy of said priority document was filed in progenitor case 07/041,306 on April 18, 1988.

5. Amend the specification by inserting before the first line the sentence:
--This is a division of copending parent application Serial No. 08/456,919 filed June 1, 1995, which is a division of U.S. Serial No. 08/134,992, filed October 12, 1993, now abandoned, which is a continuation of U.S. Serial No. 07/381,663, filed September 7, 1989, now abandoned, which is the national stage of PCT/GB88/00011, filed January 7, 1988, now abandoned, which is a continuation-in-part of U.S. Serial No. 07/041,306, filed April 22, 1987, now abandoned, all hereby incorporated by reference. It is related to 08/457,485, filed June 1, 1995, which is a division of 08/134,992 above.--

6. Certain documents were previously cited or submitted to the Patent and Trademark Office in the following prior application 08/456,919, which is relied upon under 35 USC §120. Applicants identify these documents by attaching hereto one or more form PTO-1449 and/or form PTO-892 listing these documents, and request that they be considered and made of record in accordance with 37 CFR §1.98(d). Per 37 CFR §1.98(d), copies of these documents need not be filed in this application.

While an IDS filed under §1.97 must contain a "list of all patents, publications or other information submitted for consideration by the Office", see §1.98(a)(1), the only requirement for the list is that it provide the information set forth in §1.98(b). There is no requirement that a form PTO-1449 be used (MPEP §609 merely says that use of this form is "encouraged") and no prohibition on submitting a copy of a form PTO-1449 or form PTO-892 from a prior case. Indeed, the re-use of such forms is desirable as it avoids error in transferring the information, and evidences that the reference was considered in a prior application. A previously accepted PTO-1449, or an examiner-prepared PTO892, necessarily complies with §1.98(b).

7. If reliance is made on a declaration filed in a prior application, then
